Rolf Wiberg
Lighting Cameraman, DOP

ABOUT ME

I'm a Lighting Cameraman and Director of Photography with experience in the TV industry since 2001. Based in north Buckinghamshire, I have easy access to London and the Midlands, and I'm happy to travel further afield wherever a project takes me.

I hold full, unrestricted working rights for both the UK and EU, so no work permits or gear carnets are required.

My work covers educational content, live multi-camera productions with green screen, corporate films, events, conferences, surgeries, promotional videos and news inserts.

As a trained Medical Technician, I have a particular interest in medical and dental subjects. My longest single shoot was a 14-hour full-mouth restoration at the Malo Clinic in Lisbon.

My background is in OB, ENG and documentary filmmaking, working across both sound and camera. My best-known credit is filming the Swedish version of Strictly Come Dancing. The highlight of my career, however, remains a warm, character-driven documentary following six short people over more than three months.

I primarily shoot on my own Sony FX3a and 2 FX30 cameras, alongside FX6 and FX9 systems I use at work, and I carry a comprehensive range of gear to suit almost any project, including a portable green screen setup.

Visit my [website](#) to view my showreel. More of my work is available on [Vimeo](#) and [YouTube](#)

Since 2021, I've also served as Head of Media Production and Digital Learning at Mercedes-Benz Vans UK. I continue to take on a limited number of freelance projects each year, so feel free to [get in touch](#) to discuss your project.
